Etiquettes of the Masjid

The Masjid to a Muslim is the heartbeat of the community and serves as a place for them to meet one another daily to perform the prayers. It is also a safe place to conduct other acts of worship and activities beneficial for the community. Muslims ultimately believe that the Masjid is the house of our Lord and therefore when one is in the Masjid we kindly request all our guests to abide by the etiquettes outlined below to help preserve its sanctity.

Please avoid distracting and avoid passing in front of any one that is praying

Please refrain from wearing any footwear in the Masjid

Please can we request that all visitors are dressed modestly and their hair is covered.

Please can we also request that our female guests refrain from shaking the hand of the Imam

We thank you for your cooperation in advance and pray that you have an insightful day that you thoroughly enjoy.
